Hi all –

Are you available for a community meeting on February 24 at 7pm? I'm assuming the meeting will run for ~2 hours.

The community prefers an evening time. So, if not 7pm, does 6pm or 8pm work? Please let me know.

Thanks,
Donette

Hi Eddie,

Happy New Year!

Yes, let's plan for a meeting at the end of February because I'm doing site work in Puerto Rico at the end of this month until February 18.

Would February 24 work?

Talk soon,
Donette

Good Evening Donette,

Happy New Year!

We would like to have an Environmental Committee meeting with EPA to discuss the findings/report for the Coney Island Creek. We are available for a February Zoom meeting.

Please let us know when you are available to present to our members.

Thank you.

Hi Eddie,

Thanks for following up with us. We are still evaluating results from recent sampling and assessment efforts, so we can't commit to a follow-up meeting in November. We expect to finalize a site inspection in the coming months, and I will share the report with you as soon as it's available. I apologize for the inconvenience and thank you for understanding.

Good afternoon Donette,

The Brooklyn Community Board #13's Environmental Committee is having an update meeting to discuss the Superfund for the Coney Island Creek. The findings for the report was supposed to be finished by September of 2021. We would like to know the Superfund status from EPA on the Coney Island Creek. We are also inviting a representative from Congressman Jeffries. We would like to meet in November at your earlier convenience.

Thank you.
